

HTML Practice 6

- ✧ Create a HTML page which contains below form.
- ✧ By clicking on the "Send Now" button, an alert should be displayed with text "Your request has been submitted !"

A contact form with a header image and four input fields. The header image shows a modern building with the text "CONTACT US" in white. The form fields are: a text input for "Full name" with a person icon, an email input for "Eg. example@email.com" with an envelope icon, a phone input for "Eg. +1 800 000000" with a phone icon, and a text area for "Your comments..." with a speech bubble icon. A purple "SEND NOW" button is at the bottom.

CONTACT US

Full name

Eg. example@email.com

Eg. +1 800 000000

Your comments...

SEND NOW
